

Green Screen

Objective:

As a result of this lesson, you will gain an understanding of how to use iMove and Green Screen in your classroom, which will allow students to research, write, and present on a selected topic.

Procedure:

Please work on this!

Step 1: Research

Visit <http://www.enchantedlearning.com/history/us/monuments/stlouisarch/>

Collect information about the Gateway Arch. Be sure to include information that describes the history, the selection of the monument, and its construction.

Step 2: Writing

Formulate a paragraph using the information that was collected in Step 1: Be sure to include a “catchy” introduction and a well crafted conclusion that summarizes all the information that was collected.

Step 3: Image

Use Google Images to select a picture of the Gateway Arch. Your picture should include the entire Arch from top to bottom. Once you have selected your picture, drag it to your computer’s desktop.

Step 4: Present

 Present your information by recording your findings in front of the Green Screen.

Step 5: Create

Research:

Paragraph:
